Washington State Park Rules for Dog Owners

***People bringing dogs to Camp Delany must comply with the following rules:**

1. Dogs are not allowed in any Camp Delany buildings at any time.
2. Dogs must be on a leash when not secured in a tent, trailer, motor home or camper. When on a leash, dogs are to be attended and under the control of their owners at all times. Park regulations require that the leash not be longer than 8 feet.

3. Dog owners must clean up after their animals. Excrement must be picked up immediately by the dog's owner and the owner is to constantly observe the dog's conduct so that it is not "overlooked." Owners must prevent their dogs from urinating on the personal property of others.

4. No dogs are allowed in or adjacent to the telescope field at any time. (OAS rules) Dogs must be secured in a tent if the tent is in or near the telescope field.

5. Dogs may not be "walked" in the grassy area in front of the main building (mess hall) nor in any other part of the grassy area between the main building and the telescope field. During daylight hours the presence of dogs in those areas is discouraged, but if the owner does bring a dog into those grassy areas, the owner is to insure that dog excrement and urine deposits are minimized and will be prepared to immediately clean up after their dog. Between dusk and dawn, no dogs are allowed in those grassy areas.

Thank you for your cooperation. It is appreciated by all who attend.
